

PestGaurd LLC/Husker Pest & Termite BED BUG TREATMENT INSTRUCTIONS

Required Preparations for Treatment by Occupants

Note: Husker Pest & Termite will not treat your home if required preparations listed below are not completed.

- 1) Clothing and Bedding- All should be put away and off of the floor. Bedding should be removed and laundered. When drying, the hottest setting should be used **ON THE LONGEST DRYING CYCLE.**
 - 2) Cleaning and Vacuuming- Furniture and carpets need to be vacuumed and cleaned thoroughly. If you have a vacuum cleaner that has a bag, please discard of the bag outside of the home immediately after completion of cleaning. If your vacuum cleaner is bagless, please empty the canister and remove the trash that the canister was emptied in immediately after cleaning. Please be sure to vacuum around seams on furniture (couches, chairs, mattresses, box springs) when cleaning.
 - 3) Mattress and Box Spring- If you choose to discard infected mattresses, box springs, or any other furniture, please wrap that furniture in a heavy mill plastic wrap before the furniture is moved from its current location. Please cut furniture such as couches or beds before wrapping and discarding. This should help to prevent someone else to pick take the furniture into their home. If we are treating your box spring and mattress, please stand them up and do **NOT** stack things around them, so that we can easily get to them for treatment.
 - 4) Electronics- Personal Items such as tvs, stereos, and other electronics should be covered before Husker Pest & Termite enters for treatment. Husker Pest & Termite **IS NOT RESPONSIBLE** for damage to any personal items related to treatment. This could include pictures, stored items under beds, etc. Please be sure to have any items you do not want damaged placed in trash bags or totes. In regards to electronics, it is okay to cover those with a sheet or tarp on the day of treatment.
 - 5) No items will need to be removed from kitchen cabinets.
 - 6) Getting rid of bed bugs is a process. In many instances, you will still notice bed bug activity between for the first two two to three weeks after treatment.
 - 7) **You will be required to vacate your home for a minimum of 3-4 hours during and directly after treatment. Please prepare accordingly.**
 - 8) **If you have pets, please make arrangements for them to be removed during and directly after treatment also.**
 - 9) **If you are unable to vacate and/or remove your pets from your home on the day of treatment or you have not completed the required preparations listed above, Husker Pest & Termite will NOT treat your home.**
 - 10) **If you have a scheduled appointment and do not notify your property manager that you are not ready for treatment on or before the scheduled day of service, you may be assessed a \$35 trip charge! Please let your community manager know if you are not ready!**
 - 11) **It will NOT be necessary for you to do any preparations in your kitchen or bathrooms, unless we notify you to do so.**
- The success of treatment depends largely upon the preparations that YOU DO. Please ensure that you follow the above instructions so that we can eliminate your problem quickly!**
